

A new website or a redesign from £50 a year.

The terms and conditions for our Christmas website offer, in plain English.

Last updated 20 October 2026 · www.mjhub.co.uk

Key points

- **From £50 a year** for a new information or business website, or a redesign of your current one, with up to 5 pages, a contact form and a newsletter sign-up form.
- **More complex websites are quoted individually**, such as online shops or web apps.
- **Hosting and one domain name are included** in the yearly price.
- **The price is locked.** Your yearly price stays the same for as long as you keep your website with us on this offer.
- **Nothing upfront.** You see a free mock-up first, and you only pay once you're happy for your site to go live.
- **Limited places.** The offer closes on 24 December 2026, or sooner if every place is taken.
- **Changes after launch aren't included.** They're charged at our usual hourly rates and invoiced separately. Any further work is quoted separately.

This summary is here to help. The full terms below are what apply, together with our standard terms and conditions and the written quote you accept.

1. About this offer

This document sets out the terms of MJ Hub's Christmas flash sale (the "offer"), as advertised on our Facebook page. MJ Hub is a partnership between Marcel Mulders and Jessica Williams, based in Southampton, UK. "We" and "us" mean MJ Hub, and "you" means the business taking up the offer.

Our standard terms and conditions at www.mjhub.co.uk/terms-and-conditions/ also apply. If they ever disagree with this document, this document takes priority for the offer.

2. Who can take part

- The offer is for businesses, including sole traders and organisations acting for their business.
- It's limited to one website per business.
- It can't be used together with any other offer or discount, and there's no cash alternative.

- We may decline a website that we can't reasonably deliver within the offer, or one that would be used unlawfully. If we do, we'll tell you why.
-

3. How long the offer runs

- To get the offer price, you need to accept your written quote by **11:59pm on 24 December 2026**.
 - There's a limited number of places. If every place is taken before 24 December, the offer closes early. We'll say so on our Facebook page and tell anyone whose enquiry is still in progress.
 - Your website doesn't need to be finished by 24 December. Your quote sets out the expected timeline.
-

4. What's included

- **A new website or a redesign** of your existing website, designed and built by our team.
- **A free mock-up** of how your site will look, before you commit to anything.
- **Up to 5 pages**, for example home, about, services, gallery and contact.
- **A contact form**, so visitors can send you an enquiry.
- **A newsletter sign-up form**, so visitors can join your mailing list (see section 7).
- **Hosting** for as long as your website stays on the offer.
- **One domain name**. We register and renew one standard domain (for example .co.uk, .uk or .com) in your business's name each year. Premium domains, which are priced higher by the registry, aren't included. If you already have a domain, we connect it to your new site instead.

Your quote confirms exactly what your website includes.

5. When the price is more than £50 a year

£50 a year is the starting price. It covers a straightforward information or business website: a site that presents your business, with the pages and forms listed in section 4.

Some websites need much more work, for example:

- an online shop, or a full overhaul of an existing online shop
- a web app, or a single-page application (SPA)
- bookings, taking payments, customer accounts or links to other systems
- more than 5 pages

For websites like these, we'll tell you before you commit whether the offer covers it. If it doesn't, we'll give you a written quote for the build and the yearly price, so you can decide. Our published prices at www.mjhub.co.uk/web-design/pricing/ give an idea of what these cost. You're never charged more than your accepted quote says.

6. What isn't included

The offer price is deliberately low, so it covers what's listed in section 4 and nothing more. Anything else is quoted separately before any work starts, for example:

- more complex websites, such as online shops and web apps (see section 5)
- a login area (see section 7)
- designing, writing or sending email campaigns
- Google or Facebook advertising
- changes after your website goes live (see section 9)

You supply the text, photos and logos for your website, and confirm you have the right to use them.

7. Your newsletter sign-ups

- **The list is yours.** Everyone who signs up through your website is added to your mailing list, which we store securely for you.
- **Access on request.** Ask us for your list at any time, for example when you want to send an email campaign, and we'll send it to you securely.
- **Using the list.** You're responsible for how you use your mailing list, including following the rules on marketing emails and letting people unsubscribe.

Optional upgrade: a login area. If we add a login area to your website, you can view your mailing list yourself at any time, without asking us. You can also manage your organisation details, such as your business name and contact details. A login area isn't part of the offer and is quoted separately.

8. Price and payment

WHAT	HOW IT'S CHARGED	PRICE
Your information or business website, hosting and one domain name	Yearly, by Direct Debit	From £50 a year
More complex websites (see section 5)	As set out in its quote	Quoted individually
Changes of one hour or less	One-off payment, invoiced separately	£50 an hour
Changes taking longer than an hour	One-off payment, invoiced separately	£30 an hour
Further work, such as a login area or extra pages	As set out in its quote	Quoted separately

- **Nothing upfront.** You pay your first year once you're happy for your website to go live. Your payment triggers the finalising work, and your site goes live once the payment has cleared.
- **Yearly payments** are collected by Direct Debit through GoCardless, who process the payment on our behalf. Your Direct Debit is protected by the Direct Debit Guarantee.
- **The price is locked.** Your yearly price, whether £50 or the price in your quote, won't go up for as long as you keep your website with us on this offer. We'll remind you before each renewal.
- **Extras don't change your yearly price.** If you add further work later, your yearly price for your website, hosting and domain stays the same. The extra work is charged as its own quote says.

9. Changes after your website goes live

Changes to your website after it goes live aren't included in your yearly price. They're charged at our standard hourly rates: **£50 an hour for jobs of an hour or less**, and **£30 an hour for anything longer**.

We'll tell you the likely time before we start, and nothing is done without your agreement. Changes are invoiced separately from your yearly payment and taken as a one-off payment through GoCardless.

10. Cancelling

- There's no long-term contract. You can cancel at any time through our contact form or by email.

- If you cancel, your website stays live and supported until its renewal date. It then won't renew, and you won't be charged again.
- When your website comes down at the renewal date, we'll send you your mailing list and the content you gave us. Your domain is registered in your business's name, and we'll help you move it to a provider of your choice.
- The locked price only applies while your website stays on the offer. If you cancel and come back later, our standard prices apply.

11. Changes to these terms

We may update these terms, for example to correct a mistake. Changes don't affect a quote you've already accepted or your locked yearly price.

Questions about the offer?

We're happy to explain anything here before you agree to anything. Get in touch through our contact form at www.mjhub.co.uk/contact/.
